TO: ELECTRICAL TEACHER- MR. A. FRIEND
CC: ELECTRICAL STUDENTS- JOHN SMITH AND EMILY DOE
RE: QUALITY ELECTRICAL WORK

I would like to thank you for the fantastic test and repair work your department did on the equipment I recently brought to your department.

Your students, John Smith and Emily Doe, did a fantastic job with this motor and control board and were very professional when they demonstrated its operation and the work they had performed.

John and Emily have shown exceptional workmanship, proprietorship, and professionalism beyond what is normally expected from students their age. These students should be commended for sharing their technical skills and for representing your shop in such a quality manner.

Thank you again for everything,

Al Friend
Carpentry Instructor
