

# Student Support Services: Extended Leave Program To Enhance Social Emotional Learning

**Blackstone Valley Regional Vocational Technical School District**

The Extended Leave Room (258) is a unique environment within BVT that offers a quiet setting for students to acclimate back into school following an extended leave of absence due to medical or emotional reasons.

Students are able to access their curriculum with provided resources from instructors while in the Extended Leave Room.

The Extended Leave Liaison collaborates with the student's teachers so that the student can work at a pace that allows them to successfully transition back into their full time academic and shop schedule.
